Re: Gillham Corridor Cycletrack Grant Application

Dear Mr. Hanson,

I am pleased to advise you that the Hyde Park Neighborhood Association supports the City's grant application for the Gillham Corridor Cycletrack project.

Gillham Road is the western boundary of the Hyde Park neighborhood, from 31st Street to 47th Street. The City recently completed installation of cycletracks on the southern and northern parts of Gillham, and they have been well received. However, there is an odd gap on Gillham between 39th Street and Armour Boulevard, which causes confusion and safety issues. Completing that small segment will make the Gillham Corridor Cycletrack an asset to the cycling residents of our neighborhood and Midtown.

We believe this project would be a worthy recipient of MARC funding.

Very truly yours,

Subject: Gillham Corridor Cycle Track Grant Application

Dear Mr. Hansen,

I am writing to express support for the grant application for the Gillham Corridor Cycle Track project. I believe this project can be of great value to the community and the neighborhoods it will serve. The City recently completed installation of cycle tracks to the north and south of this proposed project. The improvements have been well received. Completing the gap that exists between Armour Boulevard and 39th Streets is now a high priority. Projects of this nature represent bold steps towards promoting healthy living through targeted investment in transportation improvements.

Should you have any questions, please contact me at eric.rogers@bikewalkkc.org.

Sincerely,

Eric Rogers
Executive Director

RE: Gillham Corridor Cycle Track (Protected Bike Lane) Grant Application

Dear Mr. Hansen,

I am writing to express Midtown KC Now's support for the grant application for the Gillham Corridor Cycle track project. Each year, we survey hundreds of Midtown residents and at the top of the list are enhanced walkability, bike-ability and traffic calming. These are key issues for our constituents.

We believe this particular project can be of great value to the community and the neighborhoods it will serve. The City recently completed installation of protected bike lanes to the north and south of this proposed project. The improvements have been well received. Completing the gap that exists between Armour Boulevard and 39th Streets is now a high priority. Projects of this nature represent bold steps towards promoting healthy living through targeted investment in transportation improvements.

Should you have any questions, please contact me directly.

Best regards,

A handwritten signature in dark blue ink, appearing to read "Kevin Klinkenberg". The signature is fluid and cursive, with a large initial "K" and "K".
