Subject: Independence Avenue Cycle Track

Dear Mr. Hansen,

I am writing to express support for the grant application for the Independence Ave cycle track project. I believe this project can be of great value to the community and the neighborhoods it will serve. This project is identified as part of one of the key projects that can bring equitable investment in transportation facilities to Kansas City's historic Old Northeast. The project will connect Paseo Boulevard and to the River Market and will create a network that will connect key employment and population centers in the city. Projects of this nature represent bold steps towards promoting healthy living through targeted investment in transportation improvements.

Should you have any questions, please contact me at [eric.rogers@bikewalkkc.org](mailto:eric.rogers@bikewalkkc.org).

Sincerely,

Eric Rogers  
Executive Director
